SKILLS

Frontend: React.js, HTML5, CSS3, Tailwind CSS, Redux, Context API
Backend: Node.js, Express.js, REST APIs
Database: MongoDB, MySQL
MERN Stack: MongoDB, Express.js, React.js, Node.js
Tools & Platforms: Git, GitHub, Postman, VS Code, Appwrite
Core Concepts: Data Structures & Algorithms (DSA), Authentication, JWT, State Management, API Integration

PROJECTS

- College Placement Portal** | *React.js, Node.js, Express.js, MongoDB, JWT, Tailwind CSS* Ongoing
- Developed a role-based placement management platform for students, colleges, and recruiters.
 - Implemented secure authentication using JWT, refresh tokens, protected APIs, and role-based access.
 - Built dashboards for managing placement drives, student profiles, and applications.
 - Created REST APIs and integrated MongoDB for scalable data handling.
- WriteHub - Your Personal Blogging Space** | *React.js, Appwrite, Tailwind CSS, Redux* Deployed
- Built a full-stack blogging platform with secure authentication, blog creation, editing, and deletion features.
 - Integrated **Appwrite backend services** for authentication, database handling, and file storage.
 - Implemented global state management using **Redux** to improve scalability and maintain application state efficiently.
 - Designed responsive and reusable UI components with React.js and Tailwind CSS for seamless user experience across devices.
 - Implemented protected routes and dynamic rendering for authenticated users, effectively resolving rich-text editing challenges with customized **TinyMCE** integration.
 - [Live Demo](#) | [GitHub](#)
- SuperCare Hospital - Appointment Booking System** | *MERN Stack, Tailwind CSS* Deployed
- Developed and deployed a hospital appointment management platform for booking appointments between patients and doctors.
 - Built secure authentication system with protected user access and role-based workflows.
 - Implemented appointment scheduling, doctor management, and dashboard functionalities for efficient booking management.
 - Created responsive frontend using React.js and Tailwind CSS with optimized component-based architecture.
 - Integrated REST APIs and MongoDB database for managing appointments and patient-related information.

EDUCATION

- JSS Academy of Technical Education, Noida** 2023 – 2027
Bachelor of Technology (B.Tech) in Information Technology Noida, Uttar Pradesh
- Relevant Coursework:** Data Structures, Algorithms, DBMS, OOP, Operating Systems
- Colonel's Brightland Public School** 2023
Senior Secondary (Class XII) – 94.5% Agra, Uttar Pradesh
- Colonel's Brightland Public School** 2021
Secondary (Class X) – 94.4% Agra, Uttar Pradesh

CERTIFICATIONS

Pursuing certifications in Web Development, MERN Stack, and DSA

Generative AI Certificate - Simplilearn
